

Guidelines

„Practical work experience“

- Where:**
- Universities, University hospitals, Industry or abroad
- What:**
- 2 practical work experiences - min. 6 weeks each - in two different working groups. The topics have to be within the scope of the selected specialization areas.
- Registration:**
- Find a **topic** and a **reviewer**

Important: Your reviewer has to be involved in the respective specialization area and must be authorized to examine (Prof., PD or specifically authorized Dr.). Your supervisor in the laboratory, hospital or company might be different to your reviewer.

- Fill in the form “Registration for practical work experience”
- Email the registration form to the examination office **before** your internship starts to: verena.conrad@med.uni-tuebingen.de

Requirements for credit points:

- **Written report** about the internship
- 10-15 pages (+ lit. References), single-spaced, 12pt Arial
- Structure of the report
- If you have performed your **own** project or experiments:
 - Front page (see ILIAS)
 - Introduction
 - Material and Methods
 - Results
 - Discussion
 - Summary
- If you did **not** perform your own project or experiments:
 - Front page (see ILIAS)
 - Introduction into the topic
 - Experience report about what you have seen and learned
 - Discussion: link the topic to actual literature
 - Summary

Deadlines: The written report has to be submitted to **your reviewer** at the latest **2 weeks after** your “practical work experience” has **finished!**
