

Practical Work Experience and Master Thesis in Tübingen and Abroad

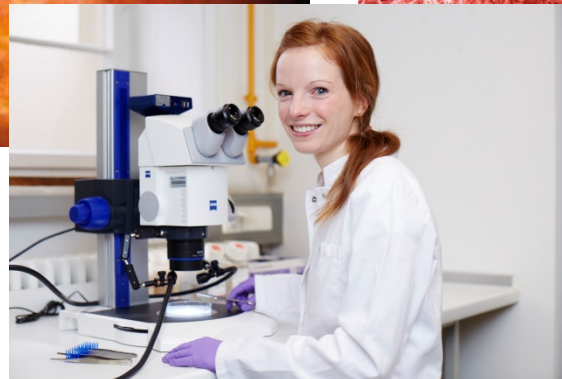

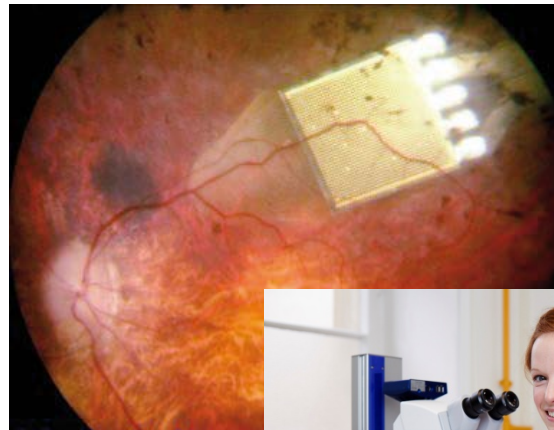

3rd semester

1st
practical
work
experience

2nd
practical
work
experience

- 2 practical work experiences minimum 6 weeks each at the University, the University Hospital, industry or research institution
- two different working groups (selected specialization areas)
- working group can be the same for the Master thesis

Registration:

- Find a topic and a supervisor and a reviewer (Professor or PD) (within both selected specialization areas)
- Fill out the format “Registration for practical work experience” (ILIAS)
- Email the registration format to the examination office **before** your internship starts to:
ulricke.king@med.uni-tuebingen.de

Requirements for credit points:

- Written report about the internship:
 - 10 – 15 pages (+ lit. References), double-spaced, 12pt Arial

The written report has to be submitted to **your reviewer** at the latest **2 weeks after** your “**practical work experience**” has been **finished!**

- McGill University in Canada
 - University of Michigan in USA
 - Queensland University Technology (QUT)
 - Organization of the stay abroad on your own
 - Application for Promos stipend is possible
 - Other scholarships: www.mystipendium.de
 - **One Reviewer** for the Practical Experience should be **from Tübingen**
-

Brainstorming: Where to go?

- match with personal and professional objectives
- estimate economic situation (accommodation expenses, labour market)
- right of residence and labour law
- financing opportunities
- possible alternative

Insurance for students abroad

- Accident insurance is covered through the student union (for private leisure, valid at home and abroad including the work at a scientific institute, so far arranged by the university)
 - **No professional liability insurance** (for ex. the student is liable for any damages in the lab) through university of Tübingen
 - Health insurance-?
 - Professional advice by the University is therefore recommendable!
